Instruction manual

VRC-22

Please read this user manual before use.

www.denver-electronics.com

HEALTH & SAFETY WARNINGS:

TO REDUCE THE RISK OF PERSONAL INJURY, DISCOMFORT. PLEASE ENSURE THAT ALL USERS OF THE DENVER VRC-22 READ THE WARNINGS BELOW CAREFULLY BEFORE USING THE DENVER VRC-22.

Before Using the DENVER VRC-22:

Read and follow all setup and operating instructions provided in the DENVER VRC-22 user manual.

Don't use the DENVER VRC-22 model when you are tired or are stressed out as this can increase your susceptibility to adverse symptoms.

We recommend seeing a doctor before using the DENVER VRC-22 if you are pregnant, elderly, have pre-existing binocular vision abnormalities or psychiatric disorders, or suffer from a heart condition or other serious medical condition.

Seizures:

Some people may suffer from dizziness, seizures, epileptic seizures or blackouts triggered by light flashes or patterns, and this may occur while they are watching TV, playing video games or while using VR glasses, even if they have never experienced this before. Such seizures are more common in children and young people below the age of 20. Anyone who has had a seizure, loss of awareness, or other symptom linked to an epileptic condition should consult a doctor before using the DENVER VRC-22.

Children:

The DENVER VRC-22 should not be used by children under the age of 13, as young children are in a critical period in visual development. Adults should monitor children (age 13 and older) who are using or have used the DENVER VRC-22 closely for any of the symptoms described above, and should limit the time children above 13 years spend using the DENVER VRC-22 to make sure they take breaks during use. Prolonged use should be avoided, as this could negatively impact hand-eye coordination, balance, and multi-tasking ability.

Danger of Suffocation:

Don't let kids under 3 years play with the DENVER VRC-22 as they can get strangled in the headmount bands.

General Precautions:

- Only use the DENVER VRC-22 in a safe environment.
- Be aware of your surrounding before using it. Use of the DENVER VRC-22 may cause loss of balance.
- For safe experience please be seated while using it.
- Never wear the DENVER VRC-22 while in a moving vehicle such as a car, bus, or train, as this can increase your susceptibility to adverse symptoms.
- Take at least a 10 to 15 minute break every 30 minutes, even if you don't think you need it.

Rubber Bumpers:

In order to prevent pushing phone buttons during operation we have included 3 pcs. rubber pads. Please stick the rubber pads on the phone holder according to the positions of the phone buttons. See below.

Functions:

1. This adjust the distance to the lenses. Adjust by pushing forward or backwards.
2. Adjust lenses to match your pupils. Adjust by pushing left or right.
3. Left side headphone insert.
4. The front can slide open to use the phone camera.

Sliding Panel:

1. Take out the holder – Insert the phone in the holder and slide in holder again.

2. You can insert earphone cable here.

Using the VR Glasses:

1

2

1. Please make sure the App or movie is in Split screen mode before inserting the phone into the phone department.
2. Release the phone holder from the right side of the VR glasses and insert the phone.

3

3. Make sure the phone is centered in the holder.

4

4. If the VR APP and your phone support gyroscope function. Then you can control the viewing angle by tilting your head.

VR programs for your phones.

Search after "VR" in iOS APP store, Google Play store and in youtube. Please notice that not all VR programs will work with your phone and VR glasses.

CE

Electric and electronic equipment and included batteries contains materials, components and substances that can be hazardous to your health and the environment, if the waste material (discarded electric and electronic equipment and batteries) is not handled correctly.

Electric and electronic equipment and batteries is marked with the crossed out trash can symbol, seen below. This symbol signifies that electric and electronic equipment and batteries should not be disposed of with other household waste, but should be disposed of separately.

As the end user it is important that you submit your used batteries to the appropriate and designated facility. In this manner you make sure that the batteries are recycled in accordance with legislature and will not harm the environment.

All cities have established collection points, where electric and electronic equipment and batteries can either be submitted free of charge at recycling stations and other collection sites, or be collected from the households. Additional information is available at the technical department of your city.
